

MUSICAL THEATRE WORKSHOP OSKARSHAMN SUMMER 2009

In the US, *Lovewell Institute* have conducted musical theatre workshops for young students since 1986. A Lovewell workshop is a three week long process where all the music, lyrics, choreography, dialogue, set design, light design for a full length musical is conceived by the students themselves, guided by a staff of creative professionals.

The concept was first tried out in Sweden in 1996 and the experiences gathered then made the independent organization *Lovewell Institute Sweden* possible. We have since 2003 been able to arrange successful workshops every summer in the Oskarshamn and Linköping communities. Oskarshamn is now the home town of the organization.

We need your support! A three week workshop is a costly project. We will stay and work at the Oskarshamns Folkhögskola between July 20:th and August 9:th and perform our full scale production at the Forum Theatre on August 7-8:th.

Supporting Lovewell Sweden means that you give young students age 13-21 a unique chance to develop their creativity and let their voices be heard in an exciting international context. They will be given an experience of a lifetime, meeting, working and bonding with students and staff from Sweden, USA and - new for this year - Russia.

SPONSORSHIP PLAN 1: Support our full scale production

Support the production of the show with 5000-20 000 SEK (Swedish krona) that we can use for hiring the theatre, lights, sound and pay our staff. We will honour your support by giving you one ticket for each 1000:- SEK, print your company's logo on all publications connected to the project printed from May 1:st 2009, project your logo before, during intermission and after the show at the Forum Theatre in Oskarshamn, august 7-8.

SPONSORSHIP PLAN 2: Support Lovewell students

Many potential Lovewell students do not have the financial resources it takes to pay the fee. Now your company can help us give scholarships to talented students, making it possible for them to come. The scholarship will cover, in whole or in part, the 5000:- SEK fee Lovewell charges for the workshop. This does not cover room and board the Oskarshamn Folkhögskola charges for the three weeks. Students interested in a scholarship fill in an application with a personal letter describing why the student needs financial support. We will honour your support by printing your company's logo in all the publications connected to the show.
